

IDENTIFYING YOUR CADILLAC MODEL

The "Body Name Plate" or "Fisher Body Tag" is typically attached to the top surface of the cowl on the driver's side or in the driver's side door jamb. A typical Cadillac body name plate is pictured below.

The name plate carries the 6 digit style number. The first 2 digits represent the year, "59." The last 4 digits indicate the vehicle style. Use this style number along with the table below to identify your model. On the body tag above, we see "STYLE 59-6229." Using the table below, we know that this is the 1959 series sixty-two six window sedan.
